July 13, 2023

TO: Directors, Administrators, and Fiscal Staff

FROM: Timothy D. Galluzi, State Chief Information Officer

SUBJECT: Enterprise IT FY 2024-2025 Rate Schedule

Please be advised of the enclosed legislatively approved rates for enterprise-level information technology (IT) services for fiscal years 2024-2025. These rates have also been updated on the Services and Rates webpage (https://it.nv.gov/Rates/HomeRates/) and will be included in all updated Service Level Agreements (SLA). If your agency receives enterprise-level IT services, a member of our fiscal team will be in touch with agency leadership during the first quarter of this biennium to establish or renew an SLA and to ensure the agency's needs are being met.

Effective July 1, 2023, the Enterprise Information Technology Services Division (EITS) began its transition from the Department of Administration to the Office of the Chief Information Officer (CIO) within the Office of the Governor. The Administrative Services Division will continue to provide billing support to the Office of the CIO (OCIO) and the billing codes, procedures, and rates for enterprise IT services will remain unchanged.

CC: Daniel Marlow, Administrator, Administrative Services Division
